CLUBS AND ACTIVITIES

These student and staff led activities start from the first week of term so bring your kit ready to have a go. Whether you're a beginner or an expert all are welcome as College is a great chance to try something new!! We have a wide range of things going on including; Chess Club, Rugby, Archery, LGBTQ+ Society etc. We can also work together to add in any extras you'd like to be offered.

RESIDENTIAL STAFF

All our warden team are experienced in working with young people and are the first point of call in the evenings. They are also pivotal in maintaining communication with parents and carers should they have any concerns or problems involving any student.

Their role is to monitor and supervise residential students to ensure they adhere to their residential contracts and student code of conduct. They will carry out room checks if they have concerns, room inspections to ensure room standards and cleanliness is maintained and room searches if authorised by the Residential Services Manager. Wardens aim to be professional friends that facilitate enrichment activities, promote independence, embed life and work skills whilst offering residential students help and support as required; this can include health issues, breakdown in relationships or general information, advice and guidance. **Wardens will carry out regular house and general meetings which are compulsory to attend by all residential students.**

COUNSELLORS / STUDENT WELLBEING COORDINATOR

We are committed to supporting students with mental health concerns and actively encourage students to utilise our wellbeing service when required. This can be easily arranged by completing a self-referral form or by speaking to your course tutor or Student Services. Staff can also support with coping strategies and ways to build resilience and they will refer you as appropriate for an initial consultation with one of our Student Wellbeing staff.

STUDENT VOICE

The Residential Warden for your 'block' will regularly seek your views on life in accommodation, and you will have the opportunity to get involved in planning events and engaging with the local community. You could even take it a step further if you're over 18 and join your Student Union. Student Unions put together social events, sports, and societies for a wide range of different hobbies and interests. They help your Student Experience Leader organise everything from weekly activities to big events like Spring Ball. They also sit in on important meetings with College/University Leaders to really push for the students' voices to be heard.

BEING A RESIDENTIAL STUDENT

The care and provision of accommodation for under 18s at the College is subject to the Social Care Common Inspection Framework (SCCIF) residential provision of Further Education Colleges and is inspected by Ofsted.

Whilst we are unable to relocate students who turn 18 during the academic year into over-18 accommodation, it is possible for those students to have the opportunity for some of the under-18 rules to be lifted from their 18th birthday. This process will be managed via a written agreement with the student. This is a privilege and the decision to lift those rules will be made by the Residential Services Manager and will be based on the student's behaviour throughout their time at college up to that point. Once granted, the privilege can also be revoked at the discretion of the Residential Services Manager.

LEAVING CAMPUS

All students, regardless of age, are required to sign in and out.

You should sign out and back in when leaving campus and returning to campus in the evening. To do this you should scan the QR code at the exit and select "signing out" or "signing in" as appropriate.

SIGNING OUT TO GO HOME

When leaving the block to go home you must scan the QR code located at the exit and select "going home" from the drop down menu.

All under 18's are required to be in their accommodation by 11pm.

SITE SECURITY

Every evening we have on site security in addition to the wardening team to ensure the campus remains safe.

WINDOW LOCKS AND LATCHES

Window locks and catches must remain on at all times (bedroom and kitchen) unless in emergency. You will be charged for their replacement if they are removed or damaged. Repeated removal of window latches/restrictors will result in disciplinary action.

SEPARATE BLOCKS

In order to adhere to the SCCIF we allocate students under the age of 18 separately from those over the age of 18 and females are allocated separately from males. Under 18 students are not allowed to mix in any other blocks even if they are the same gender. Under 18 male students are not permitted in under 18 female blocks, and vice versa. Students under the age of 18 are not permitted in the over 18 accommodation nor vice versa.

AGE DESIGNATED BLOCKS

Please note that any student who takes up residence as an under 18 will be deemed as under 18 for that academic year regardless of whether they turn 18 during the year and as such they must abide by the under 18 rules for the whole year. In some circumstances once students turn 18 during the year, some of those rules may be relaxed, but this is at the discretion of the Residential Services Manager on an individual basis, and is dependent on student behaviour.

SAFEGUARDING STUDENTS

There are a number of rules in place to ensure we can safeguard our students. It is important these rules are followed to allow this to happen.

EXTERNAL VISITORS

We kindly ask that any request for a guest to stay is made a minimum of 5 days in advance and is authorised and recorded by the Residential Services Manager. Residential students remain responsible for any guest they sign in. If you would like to have a day student stay after 16.30pm (regardless of whether they are staying for a part of the evening only or overnight) we ask that you still ask that you complete a visitor request form 5 days in advance.

Students who are under 18 may sign a guest in for one night providing the guest is of the same sex and also under the age of 18.

Students who are over 18 can sign a guest in for one night as long as the guest is also over 18; proof of age may be required.

FOBS & ACCESS

All students must use their own fob to gain entry to accommodation blocks, please do not follow other students in without registering your own fob. You must fob in and out of the building every time. Failure to do so will mean that your fob won't let you back in the building next time you try. If there is a problem with your fob or door handle, please report it to the accommodation office as soon as possible.

SMOKING AND VAPING

Smoking /vaping is not permitted on any part of the campus at any time apart from the designated smoking points.

DRUGS

The College operates a zero tolerance to the supply, possession and use of drugs. Drugs sniffer dogs and drug testing will be carried out randomly throughout the year or if there is any suspicion of drug use.

ALCOHOL

Students OVER the age of 18 and residing in over 18 residence only, are permitted a reasonable amount of alcohol in their room at any one time for their own consumption. Students UNDER 18 may not be in possession of alcohol:

- It is a criminal offence to supply under 18s with alcohol,
- Alcohol may not be consumed, produced or stored anywhere by students under 18.
- Underage drinking is not permitted at any time and is a criminal offence and will be treated as such.
- Students under 18 found to be under the influence of alcohol may not be allowed to stay on site. Parents/guardians will be called to collect you if necessary.

REPORTING REPAIRS

HOW LONG WILL IT TAKE TO GET AN ISSUE FIXED?

We will use the information you provide to prioritise work requests using available resources.

Where possible, a full repair or reinstatement will be completed within the priority timescale below.

Occasionally, it may be necessary to carry out a temporary repair and return later to complete the task. This may be due to awaiting parts, or the need to employ a specialist contractor. Details of any priority/ timescale change will be noted against the works order.

HOW TO REPORT REPAIRS

All repairs should be reported using the Online portal. Information on how to find this will be in the entrance of your accommodation blocks and on Moodle.

All repairs will be dealt with as quickly as possible but some issues cannot be repaired by our own maintenance staff and we have to rely upon contractors to attend, which can take longer to arrange.

CODES OF PRACTICE

In order to maintain a safe and secure environment for everyone living and studying at Askham Bryan College, it is necessary to have certain recognised codes of practice which apply to all. By signing the Accommodation Agreement with the Terms and Conditions, you have agreed to abide by these Codes of Practice.

LANYARDS

As part of the Code of Conduct and College rules students are required to wear their lanyard and ID card clearly visible and on display around their neck at all times whilst on campus.

HEALTH AND SAFETY

Under current health and safety legislation, responsibility for safe premises and behaviour extends beyond the provider of services. You have a personal responsibility to conduct yourself in a way which does not put yourself or others in danger or interfere with safety equipment provided for the protection of all.

FIRE SAFETY, CCTV & EQUIPMENT

Upon occupancy of your accommodation, you must familiarise yourself with the premises, escape routes, location of fire-fighting equipment, alarm systems and evacuation procedures. You must read carefully the fire regulation notices which are displayed behind the door in your bedroom. The College takes a serious view of any actions that could jeopardise the safety of staff or students. Appropriate disciplinary action will always be taken in line with the Student Disciplinary Policy. Anyone found tampering with any fire or safety equipment this including smoke detectors, will be required to pay the full costs of any damage or loss incurred. Students who misuse fire or emergency alert equipment will be fined £500. You are reminded that it is a criminal offence to interfere with any fire safety equipment.

FIRE DRILLS

The Residential Services Manager and the Wardening Team will organise fire drills throughout the year. All students must co-operate and respond to the alarm, regardless of their awareness of whether it is a drill or a real fire. In the event of an unsatisfactory fire drill, the procedure will be repeated until all students are familiar with the evacuation procedure.

FIRE DOORS

Fire doors must never be wedged open. Anyone found doing this will be disciplined in line with the College disciplinary procedure. Fire doors stop the spread of smoke and fire and allow people time to evacuate the building safely in the case of a fire.

FIRE BLANKETS

These are found in the kitchens and are used to smother a fire.

FIRE EXTINGUISHERS

There is a fire extinguisher in each kitchen and on each floor of the accommodation building. Any person or group of students using a fire extinguisher for fun, or for any purpose other than fighting a fire, will be disciplined and fined £500. If the person responsible for setting off the fire extinguisher inappropriately is not found then all the students in that accommodation will be held responsible.

RESIDENTIAL RULES

Any breach of Residential Rules will result in disciplinary action under the College's disciplinary Policy (a copy of which can be obtained upon request) and will also be a breach of the terms and conditions of occupation.

For the purposes of these rules, reference to students over 18 means students who were 18 or over on 31st August of the year in which they enrolled for the current year of their course eg 18 or over on 31st August 2023 when enrolling onto a course for 2023-2024.

Failure to comply with these rules and any damage caused to rooms will be the responsibility of the occupant and disciplinary action will be taken as necessary.

- Students must not on any account change rooms without the express prior written consent of the Head of Accommodation or their representative.
- Students must not disturb their neighbours with an unreasonable level of noise at any time. Please refer to the Accommodation Handbook for campus specific curfew times.
- Students are responsible for any damage that is caused to the communal areas in the accommodation. To avoid damage to furniture and decoration, bicycles must not be kept in living accommodation.
- Pets must not be kept in your room. This includes hamsters, guinea pigs, mice, fish, reptiles and birds (this list is not exhaustive).
- Students must not engage in any form of trading activity or other commercial business from their room, or permit others to do so, or do so on behalf of others.
- The television licensing authority requires that television sets must be licensed and a current licence is produced on demand, even if you watch the television programmes on your computer.
- To maintain reasonable standards of hygiene in residential accommodation students must keep their study bedroom clean and tidy. Students must not move the bed from the position in which they found it on occupation. They must not replace the curtains provided with any others. Students are also responsible for ensuring that communal areas in the hostel are kept clean and tidy. Students must allow cleaning staff access to their room to carry out their normal schedule of cleaning duties.
- Students must not alter the decor of the room or any communal areas.
- Smoking is not permitted in any student accommodation or building on campus. The smoking areas around site must be used.
- Alcohol may not be consumed, produced or stored anywhere within residential accommodation for under 18 students. Students over 18 (this only applies to students who are residing in our designated over 18 blocks)) are permitted to consume and store a reasonable amount of alcohol for personal consumption in their own room. All under 18 hostels are alcohol free and alcohol must not be supplied to students aged under 18. Students aged under 18 found to be under the influence of alcohol may not be allowed to reside on site and their parents / guardians or other named responsible person will be called to collect the student if appropriate at any time of day or night. Students found to be supplying under 18 students with alcohol will face disciplinary action and may be removed from accommodation as a result. Any student found to be in attendance at timetabled sessions under the influence of alcohol or other substances will face disciplinary action.
- The College operates a zero tolerance to supply, possession and use of drugs. Any student supplying, possessing or using drugs will face disciplinary action and may be excluded from the college.
- Interference with the operation of any security equipment, for example Salto access systems, puts at risk the security of residents and is a breach of this agreement.
- Students must vacate their rooms when directed to do so at the end of term and not return until the time and date communicated to them. These will be provided upon arrival at College.
- Failure to abide by any one of the rules stated above is a disciplinary offence and as such may result in the loss of accommodation for that student, either on a temporary or permanent basis.
- Whilst we are unable to relocate students who turn 18 during the academic year into over-18 accommodation, it is possible for those students to have the opportunity for some of the under-18 rules to be lifted from their 18th birthday. This process will be managed via a written agreement with the student. This is a privilege and the decision to lift those rules will be made by the Residential Services Manager and will be based on the student's behaviour throughout their time at college up to that point. Once granted, the privilege can also be revoked at the discretion of the Residential Services Manager.
