

WELCOME TO

BSc (Top up) CANINE AND FELINE BEHAVIOUR & WELFARE

This BSc (Top up) Degree will further develop your knowledge of dogs and cats, equipping you with specialist skills for a variety of careers in the Companion Industry, with a particular focus around specialist animal training, Canine and Feline Behaviour and Animal Welfare.

The course offers a range of modules,
Here are a selection of examples of what you'll study in
your first year with us:

Industry related training:

Focused on implementing specialist techniques for training Assistance Dog's and Scent Detection Dogs.

Welfare, Ethics and Law

Exploring ethical standpoints and the impact of these standpoints on animals, in addition to welfare indicators and UK laws.

Canine & Feline Psychology

Enhancing knowledge on the development of behaviour, in particular, behavioural problems. Covering the biological, genetic, emotional and environmental effects on behaviour.

What else can you look forward to?

Throughout the year, we have a range of Industry professionals come in for demonstrations and talks, this includes Prison dogs and clinical behaviourists and possibly more

Alongside this, there are a range of trips offered to all students, both nationally and internationally. Which you will find out more about in your induction week.

Furthermore, our Canine and Feline Society will be looking to expand in our accomplishments this year. With opportunities to gain additional experience in animal training, event management and fundraising.

WE LOOK FORWARD TO MEETING YOU IN SEPTEMBER!
