

Find the semaphore posters around The 1940s Farm and work out the hidden message...

1	2	3	4
5	6		7 8
	9	10	11

Don't forget to practise your semaphore.
Use the flags in The 1940s Farm to tell people:

1. Your favourite animal
2. Your favourite food
3. A secret message
4. The longest word you can

Dear Evacuee,

You are about to travel by train to a farm in the countryside, away from city dangers.

In these uncertain times, prepare by learning key skills. Focus on recognising aircraft types, as this knowledge may be crucial. Also, master semaphore signalling, an important communication method.

Please be diligent in your studies.

Best regards,

C. Emerson

AIRCRAFT RECOGNITION

Learn to spot the difference between British and German aeroplanes.

Familiarise yourself with British and German aeroplanes.

During the Second World War, if you spotted a German aircraft, you were advised to contact the authorities with the time of appearance, the direction of flight and number of aircraft.

Watch out for plane silhouettes at The 1940s Farm cottages and use the drawings below to detect whether the plane you spot is British or German.

Don't forget to make a note of where you spotted the plane!

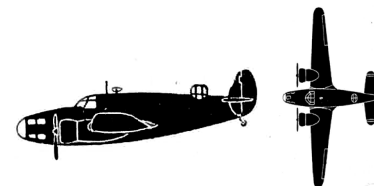

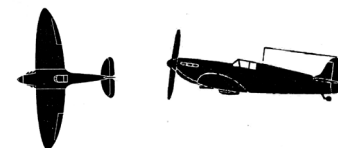

British Planes

Miles "Master"

☐ _____

Vickers Supermarine
"Spitfire"

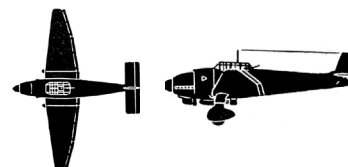

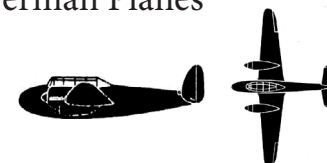

☐ _____

Lockheed "Hudson"

☐ _____

German Planes

Messerschmitt 110

☐ _____

Junkers 87k

☐ _____

Heinkel 111k

☐ _____
