

## Matching finishes to complete the door set

These ranges are available in a selection of popular architectural finishes — and crucially, are supported by a full suite of matching door hardware, including:

- Door Closers • Cylinders • Hinges
- Locks • Latches • Signage • Pull handles
- Door stops • Coat Hooks • Flush bolts

This allows you to specify a fully coordinated door set from a single trusted source — delivering clean aesthetics, consistent finishes, and a professional result across every project.

## INTRODUCING THE NEW ZCS2G3 AND ZCS2G36 COMMERCIAL LEVER RANGES

**ZOO**  
ARCHITECTURAL HARDWARE

Building on the success of our trusted ZCS2 stainless steel collection, these new ranges have been developed to better meet evolving market demands, offering enhanced performance, expanded design and finish options at a more competitive price point.

RANGE

# ZCS2G3

52MM X 8MM PUSH-ON-ROSE

SCAN TO VIEW THE  
ZCS2G3 RANGE

## KEY FEATURES

- Based on our popular ZCS2 range, manufactured from SS201 stainless steel
- Features a **52mm x 8mm** push-on rose design
- Successfully tested for conformity to all requirements of **BS EN 1906**, achieving **Grade 3** classification for category of use, providing reliable durability for high-use environments
- Introduces in-demand finishes at a more accessible price point, including: **Powder Coated Black, PVD Satin Brass, and Antique Brass**
- Designed to deliver enhanced value without compromising performance
- Supported by a complete matching suite, including escutcheons and turn & release sets for a consistent finish across projects.

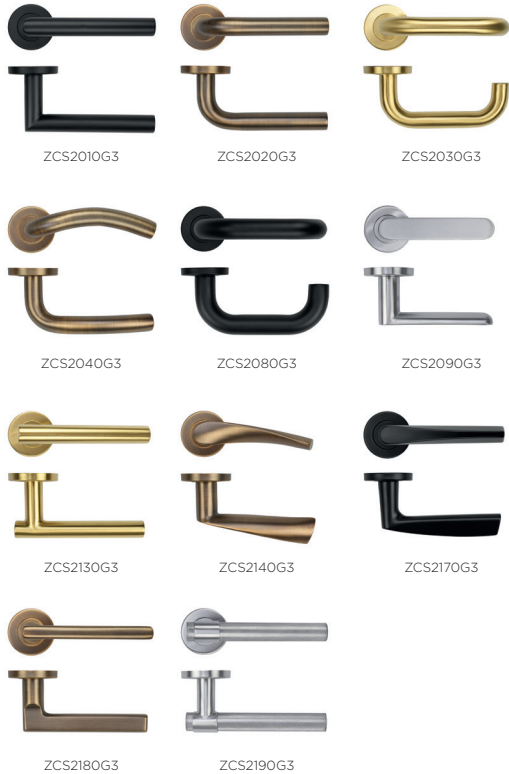

## ESCUTCHEONS AND TURN & RELEASE

**PHASE 1 - Available Mid-April**  
Satin Stainless Steel (SS) & Powder Coated Black (PCB) finishes

**PHASE 2 - Available Mid-May**  
PVD Satin Brass (PVDSB) & Antique Brass (AB) finishes

## LEVERS

# ZCS2G36

53MM X 6MM PUSH-ON-ROSE

SCAN TO VIEW THE  
ZCS2G36 RANGE

## KEY FEATURES

- An extension of our trusted ZCS2 range, offering the same reliable performance and specifications
- Features a **53mm x 6mm** push-on rose, ideal for projects requiring a slimmer rose profile
- Developed to help meet specifications where **6mm** roses are preferred or required
- Successfully tested for conformity to all requirements of **BS EN 1906**, achieving **Grade 3** classification for category of use, providing reliable durability for high-use environments
- Available in two popular finishes: **Powder Coated Black and Satin Stainless Steel**
- Supported by a full suite of matching accessories, including escutcheons and turn & release sets for a consistent, co-ordinated size and finish.
